

## OKC First US Ministries

A Community of Friends

**US:** A mission of Jubilee that engages the world with liberation, redemption, reconciliation, and recovery. Eliminating the “them” in order that we live as US.

Romans 12:1-2

**US Ministries** is about living in Rhythm with God. The rhythm of God can be seen perhaps as a song, a song in the world in which we can embrace. Everyday students are challenged to live in tune with the song that is God. In His taking on of flesh, Jesus shows us what God is like; He shows us how the song goes.

And so in student ministries we are committed to helping teens embrace God and his song of jubilee. In so doing we find students becoming more and more in tune to live in such a way as to engage each other and the world with this song.
